

## Advisor Agenda – All Grades

Thursday, May 7<sup>th</sup>

1. Read Daily Bulletin

2. Activity – Teacher Appreciation Week

*Advisors...a small pile of colorful scrap paper was placed in your mailbox on Wednesday afternoon. You will need these materials for today's agenda.*

In honor of Teacher Appreciation Day, please introduce the date to your group using the attached document which provides a brief history on the creation of Teacher Appreciation Day. I have also attached the rules for teachers from 1872 (entertaining) and an internet list of the top five characteristics of a great teacher.

- You may want to share the 1872 list and have a good laugh
- You could read the characteristics on the list and then ask for their thoughts on great teaching.

The final product of the day is to ask your advisees to use the small square of colored paper to write a brief appreciation for one of the teachers they have experienced here at CV in the past 1,2,3, or 4 years (depending on their grade).

Please bring your stack to the Advisor In-Basket by the end of the day and I will have study hall students sort them into piles and then deliver them to teachers on Friday...to cap off our Teacher Appreciation Week.
