

* 121502 **Latin 1.1** 9–12 Interactive

“Why take Latin? It’s old, it’s dead, and no one speaks it anymore.” Nugas! (Nuts!) Latin is the root of many European languages, and studying this beautiful ancient language gives students a better foundation when learning English, Spanish, French, Italian, and Portuguese. Latin 1.1 introduces Latin syntax, vocabulary, and literature through the stories of Ovid and Roman culture. Successful completion is based on quizzes, translations, exercises, and etymology assignments for each chapter of the text, brief written reports, mid-semester exam, and final exam. Liz Griffin
