### 9<sup>th</sup> Grade Class Elections

All 9<sup>th</sup> graders will report to the auditorium immediately following B Block on Thursday. Sit in the same assigned rows that you sat in for PSAT Day activities (see below). This will allow 9<sup>th</sup> grade advisors to take attendance and pass out ballots immediately following campaign speeches. Please collect ballots before releasing students. ASB leadership will be collecting the ballots in the auditorium.

## Advisor Agenda – 10<sup>th</sup> Grade

Thursday, November 6<sup>th</sup>

*Advisors: Reminder that you need to send your student council representative name to Sheila Fowler.*

- *Advisor groups need to elect a student council representative. You may choose on your own or have the students vote. Please submit that student's name to Sheila Fowler via e-mail. Student Council is responsible for organizing and carrying out programs to promote and improve student body safety, spirit, welfare, and public image. Student Council also approves monetary requests from the Activities Fund that have been approved by the Core Council. Meetings typically occur during lunch.*

1. Read Daily Bulletin

2. **Special Announcement**

Students from the leadership class are having a “Books for Babies” fundraiser to benefit Doernbechers Children’s Hospital. Everyone is encouraged to bring in ALL their used books (NOT just children’s books!) to their advisor class through the month of November. Money will be raised from a used book sale. The books will be collected on two dates, November 17<sup>th</sup> and December 1<sup>st</sup>. The advisor class donating the most books will win a special treat!

3. **Career Education - Minor Worker Rights**

Today your advisor group will have a question and answer/discussion activity surrounding their rights as minor workers in the state of Oregon. Attached is an FAQ sheet regarding minor worker rights. Please start by asking how many of your advisees are employed or intend to get jobs in the near future. Then lead into the age at which young people are able to work in the state of Oregon (first item on the FAQ) and go from there. You can ask the questions and solicit answers for an open discussion. You can create small groups and give them a question to work on and then ask for groups to share out. It is your choice as to how it will be structured.
