

PSAT Day - Freshman Overview

Frosh Advisors - please share the following information with your advisor group regarding PSAT day. These are the activities for them. Please email me or call with questions before advisor on Monday. More information about break times and procedures will come soon!

For Wednesday, October 15, 2008

During the PSAT testing time, freshman will engage in activities designed to continue assisting them in making good choices and becoming involved during their four years at CVHS.

The first activity is an assembly titled "Making High School Count." Freshmen will report to the auditorium, sit with their advisor group, and participate in this program sponsored by Monster.com.

These second activity is a Link Crew event. Freshmen will stay with their advisor groups, report to a C-wing classroom, and join with their Link Leaders. Information about room numbers will come as we get closer to the date. If the advisor has a C-wing classroom, they will meet in their own room.

Finally, the freshmen will begin their career learning at CV. Advisors will lead their groups through an activity planned by Mrs. Collins. This portion will also take place in the C-wing classroom.
