

Judging Times:

Each time slot is 15 minutes starting at the time judging begins. This is scheduled as 9:30 but could shift a little in either direction depending on when things get going in the morning.

This is rough time, as judging may start 5-10 minutes early or late depending on clocks and how everything else works. Therefore, it is strongly recommended that the participants be present at least 30 minutes prior to the first judge period or by 8:30AM, whichever is later. After the last judge visits, participants may remain if they wish and if they don't wish, they can depart. The special awards judges may still be present, so there is a chance they'll miss them.
