

It is necessary for you to complete this form even if you do not plan to attend Crescent Valley next year. Then, if you have a change of plans, you will still have a schedule when school starts in September. If you are not here next year, your classes will be available for a new student. If you do not plan to be at CV next year, please check here.
 If not CV, what school do you plan to attend next year?

- Our schedule is built to meet the needs of your pre-registration choices. The courses taught and sections offered are decided by your course requests! Choose your classes wisely. This is your only opportunity to request classes.
 - Please select 7 credits.** If you choose fewer than 7 credits, you may not be able to add credits later. (See item # 1 above.)
 - Alternates:** Alternates must be listed. Do **NOT** list an alternate twice. Do **NOT** list a first choice selection as an alternate. (*See below.)
- Check this box if you have special requests or unique circumstances and explain them on the back of this form.

Add total credits. Credits must not exceed 7. If fewer than 7 credits are selected, it may not be possible to add credits later. (See page 8 of the Course Selection Handbook for further information.)		add total credits	Double ups in English, math, science, social studies & world language must be listed on the back as special requests. They will be scheduled as space is available, after all students have been placed.

*The more alternates you list, the more likely it is that your schedule will be filled. Please do not list a first choice as an alternate. If it could not be scheduled as a first choice, it won't work as an alternate either. Alternates can only be used once; please do not list alternates twice. If one of your requested courses could not schedule, and an alternate could not be used to replace it, your schedule will not be complete. Should your schedule have missing a missing class or classes, you will need to add a class or classes using the schedule change request process available at registration in August.

We agree on these course selections and understand that students are held accountable for the courses selected at this time.
