

Grade 5

BASIC LIBRARY SKILLS

- Use the Dewey Decimal Classification System
- Use parts of book: title page, glossary, table of contents, index, verso page (behind title page), appendix, dedication
- Use keyword, browse, subject, author and title searches to find materials using the online catalog
- Use interlibrary loan system
- Access information from electronic encyclopedias, EBSCO magazine database, and appropriate teacher-identified websites
- Identify and use the everybody, fiction, non-fiction, and reference sections of the library
- Locate and define biographies (individual and collective)
- Differentiate between fiction and non-fiction
- Know that non-fiction books are arranged by subject; fiction books are arranged by author

◆ Understands vocabulary:
