

## ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2007-2008 and 2008-2009 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 60% in English/Language Arts and 59% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. ## LOCAL INFORMATION PROVIDED BY YOUR SCHOOL OR DISTRICT

### SCHOOL PHILOSOPHY

Jefferson Elementary is a caring, welcoming community for children, families, and staff. Together, we create an environment where academic excellence blends with a joy of learning. We recognize the critical importance of reading, writing, and math, and we also are dedicated to the personal excellence and well-being of each child.

### CURRICULUM NOTES

Our program-rich education includes physical education, music, art, technology, social skills, and a concern for our students' emotional well-being.

We continue our before-school reading club, Rockin' Readers and have added a Reading Lab to support student success in reading.

Our school improvement focus this year is on writing. We've committed to providing writing instruction that prepares students to be effective communicators in writing for a variety of audiences and purposes in their daily lives.

### IMPROVEMENT ON STATE TESTS

Intermediate teachers continue to focus on math skills with flexible math groups, and these activities help meet our goal to increase student success with math skills and concepts. 85% of our fifth graders met or exceeded state performance standards for math, and 82% of our third graders met or exceeded state standards in this area. Our reading scores indicate that more than 95% of our third grade students met or exceeded state performance standards and 81.5% of our fifth grade students. In writing, 60% of our fourth grade students met or exceeded state standards. This continues a five year trend of writing scores within the range of 60-71% meeting or exceeding the state standards.

# 2008-2009 School Report Card

JEFFERSON  
ELEMENTARY SCHOOL

Dear Parents and Community Members,

November 10, 2009

The Oregon Department of Education is proud to issue the 11th annual school Report Card. This year's report cards include two significant changes: a simplified rating system for schools and a new description of how much students have learned from year to year called a "Growth Model." The new rating system uses three categories: Outstanding, Satisfactory and In Need of Improvement. These ratings cannot tell you everything about your school but are a good starting point for talking about our successes and opportunities for improvement.

Susan Castillo, State Superintendent of Public Instruction

## ACHIEVEMENT DATA

### Academic Achievement Percentage of Students Meeting Standards

The graphs below show the percentage of students in your school at the indicated grades that met or exceeded the state standards on Oregon Statewide Assessments during the last two school years. District, state, and comparison school averages are displayed. Comparison schools are Oregon schools with similar demographics.

### Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and 10 who either met or exceeded state standards or met their growth target in reading and mathematics for the last two school years. Growth targets are set yearly for students up to grade 8 and are based on each student's performance in the previous school year. Growth targets do not apply to students in grade 10 or students who did not test in the previous year.
