School Goals

At Letitia Carson Elementary, we believe all students can learn and succeed at high levels and know that creating a sense of belonging and connection is essential for that to happen.

We use a balanced and comprehensive curriculum and recognize the importance of foundational skills in reading, writing, and math instruction. We work hard to provide meaningful learning experiences in all content areas. Our staff is committed to building relationships within our community so all are valued and can grow to their full potential as learners and humans.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

We continuously encourage students to make positive behavior choices by implementing Positive Behavior Intervention and Support (PBIS).

PBIS is a system designed to explicitly teach safety, respect, and responsibility at our school, and celebrate positive behavior. Through instruction and regular practice, all staff members implement a consistent set of behavior expectations. When some students respond in unexpected ways, we make it an opportunity for re-teaching and learning.
