School Goals

Garfield Elementary School is an inclusive, bilingual community where students develop their academic and language abilities. We strive to preserve native language and culture as students develop as bilingual community members.

We are committed to authentic engagement in both native and non-dominant language instruction. Garfield staff are dedicated to equity based intervention services in order to achieve the district goals of Excellent Learning Experiences, Equitable Systems, Relevant and Engaging Learning and Healthy Communities.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

Garfield staff support each student by addressing needs and building skills with a focus on Collaborative Problem Solving and fostering a Caring School Community. Our Student Support Team (SST) comes together with teachers to determine which school resources will best support individual needs.

We build community and support students by implementing Positive Behavioral Interventions and Supports (PBIS) schoolwide, with a focus on safety, respect, and responsibility.
