School Goals

At Letitia Carson Elementary, we believe all students can learn and succeed at high levels and know that creating a sense of belonging and connection is essential for that to happen.

We use a balanced and comprehensive curriculum and recognize the importance of foundational skills in reading, writing, and math instruction. We work hard to provide meaningful learning experiences in all content areas. Our staff is committed to building relationships within our community so all are valued and can grow to their full potential as learners and humans.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

We continuously encourage students to make positive behavior choices by implementing Positive Behavior Intervention and Support (PBIS).

PBIS is a system designed to explicitly teach safety, respect, and responsibility at our school, and celebrate positive behavior. Through instruction and regular practice, all staff members implement a consistent set of behavior expectations. When some students respond in unexpected ways, we make it an opportunity for re-teaching and learning.
