### Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

### School Goals

Goal #1: All student groups will exceed 90% in terms of 9th grade on-track, including credits in Algebra 1 and language arts. Goal #2: The graduation rate for students navigating poverty, Hispanic students, and students with disabilities will exceed 90%. Our Health 1 and Spartan Success class for all 9th graders as well as targeted intervention classes and co-taught Language Arts and Algebra 1 classes address goal number one. Summer School, AVID, CHS Prep classes, after-school tutoring, co-taught English 12, and required Senior Seminar support goal two.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.
