FRIDAY AFTERNOONS

1:45-5:00 PM

Do you have a child who has early release on Fridays? Join us as we create an **immersive village in the woods!**

Each week we add to our civilization - building shelters, creating firepits, going on expeditions to forage for resources to expand our village, developing a barter economy and trading resources, creating a map of the surrounding territory, and more! This is a **youth-led** class guided by seasoned bushcraft instructors who are dedicated to making our villagers' dreams into a reality.

This is an unforgettable experience of forging connections to the land and to peers. We took everything that kids consistently love the most from our wilderness education programs, and put them together in one class. This is what kid's dreams are made of!
