Supporting bike education in Corvallis

Proceeds from CBBT support the Bike Education & Safety programs in Corvallis schools. Students receive 6 units of bike safety instruction each year.

The bike club provides 190 student bikes, hundreds of helmets, and 4 trailers. Volunteers from the club also provide bike maintenance, class instruction, and ride supervision.

Youth can join for free

Youth (18 and under) are invited to **join at no cost** when accompanied by a registered adult.

Many students who have participated in the school program are now ready to ride longer distances - and this is a great opportunity to ride as a family.
