

Can I go to work?

For staff **UP TO DATE** on their vaccination
(2 primary doses and a booster shot)

- **NO** symptoms
- **NO** COVID-19 diagnosis
- **NO** close contact with someone who tested **POSITIVE** for COVID-19

**OK TO
GO TO WORK**

- **NO** symptoms
- **NO** COVID-19 diagnosis
- Close contact with someone who tested positive for COVID-19

**OK TO
GO TO WORK**

Staff who are up to date on their vaccination do not need to quarantine after COVID-19 close contact, if they do not have symptoms

PCR testing is highly recommended 3-5 days after close contact

Continue monitoring for symptoms. If symptoms develop, follow flowchart for 1 or more symptoms

- 1 or more symptoms for any duration
- **NO** close contact with someone who tested **POSITIVE** for COVID-19

**CANNOT
GO TO WORK**

Staff member must stay home and seek testing immediately

Until further notice, the district requires **ALL individuals with symptoms to have a negative test** prior to returning to school

- Test can be a Binax rapid test at school, a PCR test at a local testing site, or an at-home test

Report test results to the district nursing department or their supervisor

Staff member will be able to return on the date set by the district nursing department **IF**:

- symptoms have significantly improved and are well-controlled without medication
- **AND** no new symptoms have developed

- 1 or more symptoms for any duration
- Close contact with someone who tested positive for COVID-19

**CANNOT
GO TO WORK**

Staff member must quarantine for a minimum of 5 days and seek testing immediately

Until further notice, the district requires **ALL individuals with symptoms to have a negative test** prior to returning to school

- Test can be a Binax rapid test at school, a PCR test at a local testing site, or an at-home test

Report test results to the district nursing department or their supervisor

- Tested **POSITIVE** for COVID-19
