10/2/2017	Harding Center	cost: facilities funding	Why bond and not operating budget?
10/2/2017	Harding Center	educational programs	Excited about hands on learning and outdoor learning
10/2/2017	Harding Center	educational programs	Thank you for sharing the agricultural crops with neighborhood and larger community. Fresh eggs. Yes!
10/2/2017	Harding Center	plan: bldgs aging at same rate	Longevity of each building
10/2/2017	Harding Center	plan: details/priorities	Checkpoints along the timeline
10/2/2017	Harding Center	plan: details/priorities	Overall plan needs prioritization (need more details of plan)
10/2/2017	Harding Center	plan: details/priorities	Stretch out planning of all the work to be done
10/2/2017	Harding Center	plan: details/priorities	Sustainability- how do we address buildings all aging at the same time
10/2/2017	Harding Center	plan: property	Revisit use of modulars

10/2/2017	Harding Center	process	Good graphics & verbal presentation. Good update as to "what happens" at Harding Ctr.
10/2/2017	Harding Center	process	How we get "anonymous" feedback? Can we on website? Update cards to say contact info is optional.
10/2/2017	Harding Center	process	Meeting content feedback: Give example of elementary plan at all meetings
10/2/2017	Harding Center	process	More comfortable chairs, cushioned would be nice.
10/2/2017	Harding Center	process	School district goals- how does this fit into the plan?
10/2/2017	Harding Center	process	Very well run, knowledgeable staff, all well spoken. Thank you.
10/2/2017	Harding Center	process	Well organized & informative. Better advertising for future meetings. Tiering to neighborhood meeting was good. Well presented: clear and balanced; Principal Wright seems enthusiastic and learner-centered. Hoorah!
10/2/2017	Harding Center	site detail: circulation	Harding- parent pick up and drop off on campus
10/2/2017	Harding Center	site detail: historic neighborhood	continuing to stay within historic plans/expectations
10/2/2017	Harding Center	site detail: historic neighborhood	Harding- continuing to stay within historic plans/expectations
10/2/2017	Harding Center	site detail: historic neighborhood	Neighbors living in College Hill historic neighborhood will watch carefully that the school district follows the same building/housing historic regulations that individual homeowners face & learn from.
10/2/2017	Harding Center	sustainability	Solar on roof not open/green space What about 20 years from now? Same situation as now. Build 2 new schools now?
10/3/2017	CHS	plan: bldgs aging at same rate	
10/3/2017	CHS	plan: details/priorities	Huge plan- prioritize
10/3/2017	CHS	plan: growth?	Consider 20 year land use in City
10/3/2017	CHS	plan: growth?	Consideration of geographic demographics- future
10/3/2017	CHS	plan: growth?	Future of Lincoln- total enrollment
10/3/2017	CHS	educational programs	CHS- Location of robotics
10/3/2017	CHS	safety	Garfield- kids on roof

10/3/2017	CHS	safety	Vandalism deterrent
10/3/2017	CHS	sustainability	Sustainability ramifications of these plans
10/3/2017	CHS	educational programs	CHS- Keep/replace greenhouse
10/3/2017	CHS	educational programs	CHS work space between autos & ceramics
10/3/2017	CHS	educational programs	LPMS- leave the theater. Does not make sense to remove this.
10/3/2017	CHS	immediate needs	CHS serious cracks in T-15 walls- 1 large new in past 2 weeks, can see light through it.
10/3/2017	CHS	plan: growth?	When the improvements are completed, how much of our buildings will be at capacity? Will there be room for growth
10/3/2017	CHS	plan: property	Is there a master plan from the facility planning committee & the district for selling or buying property to replace one of our old elementary schools?
10/3/2017	CHS	safety	CHS ceramics shed need to be evaluated
10/3/2017	CHS	safety	CHS cost of seismic in T needs to be better researched
10/3/2017	CHS	safety	CHS more than anchor to floor
10/3/2017	CHS	safety	CHS soffit along Dixon Creek were not replaced- concrete
10/3/2017	CHS	safety	College Hill drawing entrance is through space that is not safe ??
10/3/2017	CHS	safety	Hoover- need security access but other ideas rather than 2nd floor
10/3/2017	CHS	safety	what about flooding? CVHS, Cheldelin, other?
10/3/2017	CHS	site detail: bikes	CHS improved security for bike shelter
10/3/2017	CHS	site detail: bikes	CHS workspace for bike repair
10/3/2017	CHS	site detail: circulation	Jefferson currently has parking & bus access problems. Solutions?? This plan looks like it gets worse.
10/3/2017	CHS	site detail: inadequate plan	CHS lobby does not make sense in T building
10/3/2017	CHS	site detail: security	CHS security so the propped doors alarm
10/4/2017	Lincoln	educational programs	Differentiated learning to support DLI

10/4/2017	Lincoln	immediate needs	Lincoln: Buckets in hall- Ms. Carpenter's classroom
10/4/2017	Lincoln	plan: facilities ops	Why do we hire consultants to evaluate building systems when maintenance staff could do some work
10/4/2017	Lincoln	plan: growth?	Lincoln- are three additional classrooms enough?
10/4/2017	Lincoln	plan: property	Lincoln: Where should Lincoln be located: equity for access, where can we get the best building, move further south (follow housing), evaluate socio-economic pocket and accessibility
10/4/2017	Lincoln	plan: property	Lincoln What would happen to this property if we build on a new site?
10/4/2017	Lincoln	process	Be sure to ask entire engaged community
10/4/2017	Lincoln	safety	How do you design security measures for a new school?
10/4/2017	Lincoln	safety	Lincoln: Consider bussing impacts
10/4/2017	Lincoln	safety	Lincoln: Create barrier between school & hwy 99-parking lot
10/4/2017	Lincoln	safety	What seismic standard would we design to?
10/4/2017	Lincoln	site detail: kitchen	Lincoln- what is planned for kitchen to support more on-site cooking? More student experience and cooking classes
10/4/2017	Lincoln	site detail: outdoor play	Lincoln: Teacher wants a separate kinder playground
10/7/2017	Eco-Charrette	educational programs	Sustainability: expand cafeteria food waste composting and make it easier by reducing non-compostable items (plastic, bowls, wrappers)
10/7/2017	Eco-Charrette	process	Sustainability: I found this meeting very useful. I learned a lot about the technical and research aspects. Also lots of valuable input from community members. I hope you will find a good way to frame these issues for the wider community.
10/7/2017	Eco-Charrette	process	Sustainability: I hope there will be lots of realistic long-term thinking for availability of natural gas, water, etc..

10/7/2017	Eco-Charrette	process	Sustainability: This was a meeting of some of the best sustainability voices in our community and it makes no sense to have left our best feedback opportunity for the last 10 minutes. Convene a group for part B discussion, 9 am - 2pm? Brown bag or catered.
10/7/2017	Eco-Charrette	process	Sustainability: appreciated getting caught up on where district has gone since I am not on task force. DLR/Amarpreet is very knowledgeable. Tighter control over Q&A moments will leave time for the final task. We had so little time left for...
10/7/2017	Eco-Charrette	process	Sustainability: great session and I really appreciate the opportunity to give the district input. I'd be very interested in hearing more about what the task force is working on. I liked the activity at the end where we added ideas under various categories (energy, learning, environment, water) Will a master list of these brainstormed activities be available. I have more ideas that I'd like to share but time was limited at today's workshop. Thanks.
10/7/2017	Eco-Charrette	process	Sustainability: I appreciate the opportunity to have these conversations but it felt a little rushed. There was a lot to cover in a relatively short amount of time. What are the next steps? How will this process move forward?
10/7/2017	Eco-Charrette	process	Sustainability: This event wasn't structured to maximize the input from the participants, many of whom are knowledgeable about various aspects of sustainability.
10/7/2017	Eco-Charrette	process	Sustainability: we need a second meeting. I don't have enough information to make priorities. More time for conversation
10/7/2017	Eco-Charrette	process	Sustainability: Is sustainability the lens through which we see the district or is it not? I just need to know moving forward.

10/7/2017	Eco-Charrette	process	Sustainability: longer meeting, more time for community interaction and work
10/7/2017	Eco-Charrette	safety	Seismic safety very important!
10/7/2017	Eco-Charrette	safety	Mt. View- why does plan not show secure entrance?
10/7/2017	Eco-Charrette	sustainability	Sustainability: set aside enough resources to support school gardens.
10/7/2017	Eco-Charrette	sustainability	Sustainability: I'm in favor of operable windows.
10/7/2017	Eco-Charrette	sustainability	Sustainability: today's systems, metal recycling, battery disposal, light bulbs, electronics, oil, oil rags (shop teacher is in charge) big blue dumpster- education/rules. Maybe it goes away- replace with garbage/card board/metal
10/7/2017	Eco-Charrette	sustainability	Sustainability: air quality at CHS- spray painting, bondo, etc.
10/7/2017	Eco-Charrette	sustainability	Sustainability: I find this process to be highly hopeful! Gray water, yes! Rainwater! More individual control of classroom, climate control, no automated toilets, sinks, lights, etc.
10/7/2017	Eco-Charrette	sustainability	Sustainability: renewable energy at the highest level! Concrete vs other materials- conscious of carbon footprint of bldg materials
10/9/2017	Wilson	inadequate plan	Wilson: current test fit doesn't accommodate pre-k.
10/9/2017	Wilson	cost: facilities funding	Does Facilities and Maintenance operating budget cover wish list annually?
10/9/2017	Wilson	inadequate plan	Wilson: no collaboration space really limits possibilities for volunteers
10/9/2017	Wilson	messaging	Good education for students saves tax payers in the long run.
10/9/2017	Wilson	messaging	Relationships are more important than winning.
10/9/2017	Wilson	messaging	Tie equity language into conversation
10/9/2017	Wilson	plan: bldgs aging at same rate	Elementary schools were all built at relatively the same time. The needed work is to be expected. It doesn't mean we weren't good stewards.
10/9/2017	Wilson	plan: bldgs aging at same rate	How do we break the cycle of all elementaries aging at relatively the same time? Some schools waiting for next bond cycle.

10/9/2017	Wilson	plan: bldgs aging at same rate	If we lived in a house that hadn't been updated in 50 years we wouldn't have access to the internet.
10/9/2017	Wilson	plan: community space?	Why do you need community space? Tie community space to safety
10/9/2017	Wilson	plan: community space?	Wilson: don't promise community meeting space
10/9/2017	Wilson	plan: growth?	City is looking for 12 acres of high density residential housing
10/9/2017	Wilson	plan: growth?	Wilson: how do we address potential growth? New construction? Redistricting? But we think we will hold steady
10/9/2017	Wilson	plan: growth?	Wilson: what is capacity % when we add classrooms
10/9/2017	Wilson	process	Wilson: is a 'light refresh' the correct term?
10/9/2017	Wilson	safety	Wilson: what size earthquake will occupants survive? Will we survive Cascadia?
10/9/2017	Wilson	site detail: electrical	Wilson: No kiln- is electric included? Sept and May are HOT- can we add ceiling fans?
10/9/2017	Wilson	sustainability	
10/9/2017	Wilson	messaging	The way schools are used is much different now than when built- be sure to share this with baby boomers.
10/9/2017	Wilson	plan: growth?	Wilson: school is crowded- we are at capacity.
10/9/2017	Wilson	process	The meeting went fast. There was much to hear. I'm impressed with the knowledge and apparent dedication of the speakers
10/9/2017	Wilson	site detail: outdoor play	Wilson: why covered play area and gym. Gym- PE requirements, covered area- recess
10/9/2017	Wilson	storage	Remember please that storage is critical.
10/9/2017	Wilson	storage	Wilson: how are we addressing storage?
10/9/2017	Wilson	sustainability	I am also concerned about energy conservation and sustainability.
10/9/2017	Wilson	equity	Comparisons between locker room facilities, access to them, and equity between comparative facilities @ CHS & CVHS
10/9/2017	Wilson	equity	Field (athletic) comparisons between boys and girls sports.

10/9/2017	Wilson	equity	Wilson: Title IX concerns @ gymnasium
10/9/2017	Wilson	safety	Make our children safe.
10/9/2017	Wilson	cost: bond explanation	How does it compare to Albany-\$159M
10/9/2017	Wilson	messaging	Emphasis on designing schools to meet the increased and increasing demands of education for today's students including state regulations, parent and community expectations.
10/9/2017	Wilson	process	I have no parental issues since I have no children in CPS. I do respect the dedication of the professionals who spoke.
10/9/2017	Wilson	site detail: outdoor play	Wilson: covered area needs a wall ball
10/10/2017	Linus Pauling	plan: growth?	Projections of predicted enrollment through the course of the length of the bond- what capacity that gets the schools to...i.e. will we get back to needing more modulars before this expansion is paid for?
10/10/2017	Linus Pauling	process	Consider neighborhood impact/solicit feedback from neighborhood community/involve in design
10/10/2017	Linus Pauling	process	Neighbors in the Garfield school neighborhood will need to know the following before we can vote yes on a bond measure: actual footprint of addition, where will additional parking be?, how will children be dropped off/picked up? Where will community garden be? soccer field no longer usable.
10/10/2017	Linus Pauling	safety	Highlight plumbing upgrades, asbestos removal. Revise "light refresh" term, maybe use term retro-fit
10/10/2017	Linus Pauling	safety	Communication of safety improvements: lead, asbestos, seismic standards upgraded to
10/10/2017	Linus Pauling	site detail: circulation	LPMS: site circulation (Cleveland), align with safe routes to school work
10/10/2017	Linus Pauling	site detail: circulation	Minimize traffic impacts on surround residential streets- LPMS siting has caused a HUGE increase to neighborhood traffic
10/10/2017	Linus Pauling	site detail: green space	Garfield: maintain green space/Garfield Park

10/10/2017	Linus Pauling	site detail: noise	Construction staging/dust mitigation is a concern
10/10/2017	Linus Pauling	site detail: noise	In reworking track and outdoor areas, keep noise (such as music) be directed back toward school and not into the neighborhood
10/10/2017	Linus Pauling	site detail: noise	Keep in mind your impacts to the neighborhood- minimize loud music, bells, etc. broadcasted out towards the neighborhood.
10/10/2017	Linus Pauling	site detail: wi-fi/cell	LPMS: bandwidth update
10/10/2017	Linus Pauling	site detail: wi-fi/cell	Address bandwidth for internet access (issue @ Adams that I was aware of)
10/10/2017	Linus Pauling	sustainability	LPMS: Climate Advocacy Group approved at city level. Priority for building may need lowering carbon footprint. Ownership for students of their school; living learning lab, green school status, taking the schools into lowering carbon footprint.
10/10/2017	Linus Pauling	sustainability	LPMS Solar panels to utilize powered hand dryers, lights, etc.
10/10/2017	Linus Pauling	sustainability	Is here a way to leverage solar energy credits and include solar panels on new construction on schools?
10/11/2017	email	inadequate plan	Mt. View- needs staff work rooms
10/11/2017	email	inadequate plan	Mt. View - needs staff and student bathrooms
10/11/2017	Email	inadequate plan	Mt. View needs collaboration space added on to intermediate wing
10/11/2017	Jefferson	big idea	Jefferson: more facilities needs to have more teachers- hard to separate
10/11/2017	Jefferson	cost: bond explanation	Provide an annual \$ amount for an average household
10/11/2017	Jefferson	educational programs	Jefferson: does library & SSC divide back out? If not, they would not have room for art
10/11/2017	Jefferson	educational programs	Jefferson: is teacher lounge large enough for collaboration space?
10/11/2017	Jefferson	educational programs	Jefferson: Life Skills classrooms may need to be longer to accommodate equipment- toileting upgrades?
10/11/2017	Jefferson	general budget question	How much \$ in reserves? How can that impact facilities, # of teachers?

10/11/2017	Jefferson	Gym/Cafeteria	Jefferson- excited, cafeteria separation, plumbing upgrade (brown water), wood gym floor
10/11/2017	Jefferson	plan: community space?	Jefferson: community flex space- where? Not sure of test fit location
10/11/2017	Jefferson	plan: growth?	Plan doesn't provide room for growth
10/11/2017	Jefferson	process	Jefferson: accessible toilet rooms for Life Skills- if you are referring to children in Life Skills, you might want to change your wording. It is something small, but it should be person first. Life Skill Program or a child in the Life Skill program.
10/11/2017	Jefferson	site detail: bikes	Jefferson: more bike racks, covered
10/11/2017	Jefferson	site detail: outdoor play	Jefferson: consider playground to accommodate student population
10/11/2017	Jefferson	storage	Jefferson: more storage to accommodate storage needs for all kid's needs
10/11/2017	Jefferson	sustainability	Need ceiling fans- box fans use space, are loud, are tripping hazard
10/11/2017	Wilson staff	big idea	Wilson: has CSD every considered an Early Childhood Education Campus for ages 0-5. Corvallis families are despite for affordable options and early intervention would be a huge asset for long term success. I would love to be part of the conversation.
10/11/2017	Wilson staff	big idea	Wilson: remodel floorplan, can we structure the new spaces to help create a central outdoor space while also connecting all hallways? (sketch provided) I've worked in bldg with a similar floorplan & they are wonderful bldgs. Create spaces which welcome families, connect staff, improve student safety, encourage learning in outdoor spaces, improves 'flow'
10/11/2017	Wilson staff	educational programs	All schools need a sensory room. Build it and schools can fund the nuts and bolts that go into the room based on their need.
10/11/2017	Wilson staff	educational programs	Wilson: dedicated behavior space with room for problem solving, de-escalation, overstimulated students, and alternate recess and lunch
10/11/2017	Wilson staff	educational programs	Wilson: dedicated speech room and counseling room

10/11/2017	Wilson staff	educational programs	Wilson: Keep staff room
10/11/2017	Wilson staff	educational programs	Wilson: love the art/music/science space, potential pre-school space
10/11/2017	Wilson staff	Gym/Cafeteria	Wilson: gym and cafeteria so important!
10/11/2017	Wilson staff	Gym/Cafeteria	Wilson: must have: gym/cafeteria separated- keep on list!
10/11/2017	Wilson staff	plan: community space?	Wilson: love the community work areas, I have seen pod buildings
10/11/2017	Wilson staff	plan: growth?	Wilson: is the proposed plan keeping in mind the huge growth we have had in the last few years?
10/11/2017	Wilson staff	safety	With entry visibility, other schools have a doorbell/camera and visitors must be buzzed into the school
10/11/2017	Wilson staff	site detail: outdoor play	Covered play areas for primary and intermediate playgrounds
10/11/2017	Wilson staff	storage	Wilson: keep storage areas
10/11/2017	Wilson staff	storage	Wilson: storage space for building and teachers
10/11/2017	Wilson staff	sustainability	All classrooms need ceiling fans at the very least since AC is too spendy
10/11/2017	Wilson staff	sustainability	Consider outfitting schools with solar panels. Up front costs are heavy but you will see a return (eventually)
10/11/2017	Wilson staff	sustainability	Please consider air conditioning for best focus & learning
10/16/2017	Hoover	big idea	Consider a magnet school- gifted/Tag, Stem/STEAM
10/16/2017	Hoover	big idea	Consider combining Hoover & Franklin into a new, larger school
10/16/2017	Hoover	big idea	Consider underground parking
10/16/2017	Hoover	big idea	Hoover- consider tearing down Harding, sell land, reinvest \$ to serve maximum number of students
10/16/2017	Hoover	big idea	Hoover: consider shared parking with church
10/16/2017	Hoover	big idea	Hoover: consider swapping building and a new school
10/16/2017	Hoover	big idea	Hoover: plan 3rd floor, finish when needed
10/16/2017	Hoover	big idea	Hoover: specialty classrooms in central location
10/16/2017	Hoover	big idea	Hoover: Does not make sense to put \$ into Franklin. Franklin, stay core knowledge, become charter.

10/16/2017	Hoover	big idea	Hoover: New school- K-5 with Franklin and Hoover. 2 or 3 story on Hoover site, Franklin 6-8 to LPMS & CMS.
10/16/2017	Hoover	cost: bond explanation	Hoover: are we targeting too low? \$2/\$1,000
10/16/2017	Hoover	cost: bond explanation	Hoover: Why are you only going out for a \$2 bond when that doesn't cover inflation. Our existing bond is at \$1.59. As an example, the builders are bidding in current dollars. We are pricing the bond in 1996 dollars. The bond levy should be adjusted for inflation. So adjusting for inflation, our bond should be \$2.13 just to remain at par with the old bond.
10/16/2017	Hoover	cost: bond explanation	Why are we limiting ourselves to \$2/\$1000?
10/16/2017	Hoover	cost: facilities funding	Consider local builder
10/16/2017	Hoover	Cost: renovate vs replace	Hoover- retrofit is significantly more expensive
10/16/2017	Hoover	Cost: renovate vs replace	Hoover- waste of \$\$ to remodel for 12 years
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: \$24.6 M too high, recommend new/replacement
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: 2 story more cost efficient-footprint
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: concerned with going over budget- retrofit is more expensive.
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: consider life cycle costs
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: cost to renovate vs. replacement, cost to renovate is high vs new building cost
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: current bldg. doesn't have more than 12 years, even with renovation
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: make sure we ask for enough- replace over renovate- best bang for the buck
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: plan multiple stories to limit footprint of building
10/16/2017	Hoover	Cost: renovate vs replace	Hoover: what would it cost to bring entire existing building up to code to expected life for 20-30 yrs?
10/16/2017	Hoover	educational programs	Hoover: designated small group spaces are missing in both planes (ELL/IEP meetings)

10/16/2017	Hoover	educational programs	Hoover: Library/computer lab need to be split to improve library service
10/16/2017	Hoover	educational programs	Hoover: need more special program space
10/16/2017	Hoover	educational programs	Hoover: plan doesn't include specific spaces for student services- special ed, ELL, etc.
10/16/2017	Hoover	educational programs	Hoover: separate library and computer lab is important
10/16/2017	Hoover	educational programs	Hoover: Specialty spaces not in plan #1
10/16/2017	Hoover	equity	All northern schools getting shortchanged
10/16/2017	Hoover	equity	Did we hear concerns from other elementary schools about gaps in their plans?
10/16/2017	Hoover	equity	Hoover needs slipped through the cracks.
10/16/2017	Hoover	equity	Hoover: if equity is a priority then how did plan 1 make it to the plan?
10/16/2017	Hoover	equity	Hoover: office staff have heard multiple parents say "Hoover doesn't matter"
10/16/2017	Hoover	equity	Hoover: there is a narrative that Hoover doesn't have similar needs as other schools
10/16/2017	Hoover	equity	How were school investments prioritized in this process?
10/16/2017	Hoover	equity	The "past" facilities plan included a replacement for Hoover, what happened?
10/16/2017	Hoover	equity	What if we removed the names of all the schools during the planning process?

10/16/2017	Hoover	Gym/Cafeteria	Hoover: separate gym and café are important
10/16/2017	Hoover	immediate needs	Hoover- terrible design problem, modular- does it need to be replaced for newer new modular- safety arguably.
10/16/2017	Hoover	immediate needs	Hoover: bucket has be emptied because of roof leak
10/16/2017	Hoover	immediate needs	Hoover: Gates are left open
10/16/2017	Hoover	immediate needs	Hoover: holistic safety and security - urgent and immediate

10/16/2017	Hoover	immediate needs	Hoover: what will be done re: urgent issues in the meantime (before bond)
10/16/2017	Hoover	immediate needs	Safety is a big problem. Hoover needs to be addressed now, independent from the bond.
10/16/2017	Hoover	inadequate plan	Hoover: current plans would be disruptive to students
10/16/2017	Hoover	inadequate plan	Hoover: Draft plan #1 is unacceptable. Draft plan #2 is better
10/16/2017	Hoover	inadequate plan	Hoover: Build a new 2 story school on the existing fields. This would also address the unsafe traffic situation we currently have with Aspen St. being right across from our school entrance.
10/16/2017	Hoover	inadequate plan	Hoover: build new and cut losses with old bldg, on-site
10/16/2017	Hoover	inadequate plan	Hoover: can we build a new bldg on the playfield - fix site circulation
10/16/2017	Hoover	inadequate plan	Hoover: Collaborative spaces are missing in both plans
10/16/2017	Hoover	inadequate plan	Hoover: concept plan is underwhelming
10/16/2017	Hoover	inadequate plan	Hoover: Neither of the plans shared address the needs of the school, current and into the future. I'd urge the committee to redraft and re-imagine.
10/16/2017	Hoover	inadequate plan	Hoover: option 1 ridiculous
10/16/2017	Hoover	inadequate plan	Hoover: separate library/computer lab are not in plan 1
10/16/2017	Hoover	inadequate plan	Hoover: Would rather see a new school, even on a new site, rather than a patch.
10/16/2017	Hoover	inadequate plan	Option 1 is just ridiculous. Option 2 is the bare minimum.
10/16/2017	Hoover	inadequate plan	Spending nearly \$24 M to patch Hoover's problems/needs vs. replacing it completely just doesn't make sense.
10/16/2017	Hoover	inadequate plan	Hoover- consider spending more money on this space for a new building
10/16/2017	Hoover	inadequate plan	Hoover: no one likes plan 1, plan 2 is a band-aid. Would rather spend more on a new school than plan 2 and open to another site if best

10/16/2017	Hoover	safety	Hoover: corridor needs to be in the middle
10/16/2017	Hoover	safety	Hoover: Electrical upgrades
10/16/2017	Hoover	safety	Hoover: front of school/outdoor access is a safety concern
10/16/2017	Hoover	safety	Hoover: I agree with identified physical needs for Hoover, esp. those related to safety
10/16/2017	Hoover	safety	Hoover: prioritize building/safety of kids (circulation) over office
10/16/2017	Hoover	safety	Hoover: Students going outdoors to access restroom is a safety concern

10/16/2017	Hoover	safety	Hoover: substation near school is not a good idea- fire/aspiration, downed line/electrocution
10/16/2017	Hoover	safety	Hoover: What is flood risk at Hoover?
10/16/2017	Hoover	school boundaries	Does current boundary/transfer process best meet community needs?
10/16/2017	Hoover	Site detail: capacity	Hoover: Check on plan #2, are there enough classrooms to replace portable use

10/16/2017	Hoover	site detail: circulation	Hoover: site circulation is a priority
10/16/2017	Hoover	site detail: outdoor play	Hoover: covered play areas is a good idea
10/16/2017	Hoover	site detail: outdoor play	Hoover: Covered play areas should have high roof/ceilings so as not to feel so dark. Covered area behind Hoover currently, is very dark & gloomy.
10/16/2017	Hoover	site detail: outdoor play	Hoover: field or playground area improvements (if same site), drainage/grass vs asphalt
10/16/2017	Hoover	site detail: outdoor play	Hoover: grassy field is important for K-2 students- now they only have bark chips/asphalt for play
10/16/2017	Hoover	site detail: outdoor play	Hoover: need adaptive equipment on playground
10/16/2017	Hoover	site detail: outdoor play	Hoover: Overhang on outside of Hoover is important shelter from rain. Consider RAIN in new plans.
10/16/2017	Hoover	sustainability	talk to other school districts about how to build efficiently
10/16/2017	Hoover	inadequate plan	Why give all schools community spaces, sensory rooms, etc., before even ensuring that Hoover has ONE room...not even one of each, but just one room that private meetings/calls, pull out session can take place
10/16/2017	Hoover	inadequate plan	Why spend money on all schools to give them all these specialty rooms when Hoover doesn't even have room for growth...when our library and media are combined, we have no extra classrooms for when we get more kids

10/16/2017	Hoover	inadequate plan	Seems like they can address the basic needs of all the other schools (like they originally wanted to do with Hoover) and funnel all the money to build the "nice to have" stuff at the other schools to address CURRENT needs at Hoover that will only get worse in the next 10-20 years when the next bond comes up...
10/16/2017	Hoover	inadequate plan	their logic seems so incredibly flawed

10/17/2017	Mt. View	site detail: outdoor play	Mt. View: maintain student play area.

			It was troubling for me to hear that there seems to be such strong biases against our school. In my year at Hoover, I haven't heard parents demanding anything out of the ordinary for our building. And in the meeting on Monday, it sounded like parents were asking for our school to be treated equally based on the data that was gathered. If the previous popular vote used by this committee yielded such a skewed response, I am concerned about future votes cast in the same manner by the same people. I would like to see the school names removed for the next round of committee meetings so that members are reminded to focus on the data they've been presented. I understand that basic demographic information will need to be shared in order to ensure that the building fits the needs of each school's population, but feel like omitting names may remind committee members to focus on the critical "brick & mortar" issues at hand.

10/24/2017	Email	plan: details/priorities	Why not determine the most pressing needs of schools and prioritize the money that way? For instance, if safety is one of their main goals, why would they prioritize giving all schools (except Hoover/Franklin) secured offices BEFORE giving Hoover a secured corridor for roughly 180 kids that have doors that open directly into an unfenced parking lot that opens to a busy road

			Board's decisions and actions do more to build tension in the community and create more of an "us vs them" environment because they do things like this...with the fundraising task force and this facilities plan. How is it equitable that all schools get remodels to meet the goals set forth by the committee, except hoover, which doesn't even have its current needs addressed..in fact, their plan makes things worse by taking away space at a school that is already over capacity.

10/25/2017	Garfield	educational programs	Garfield: media= library + computer lab
10/25/2017	Garfield	educational programs	Make sure team teaching is accommodated in design
10/25/2017	Garfield	educational programs	Garfield: like collaboration space design
10/25/2017	Garfield	educational programs	Garfield: provide confidential meeting spaces in expansion
10/25/2017	Garfield	educational programs	Garfield: keeping the dual language only program is important to building efficiency and community integrity.
10/25/2017	Garfield	educational programs	How many other elementary schools in Corvallis will have as much student & family support services.
10/25/2017	Garfield	equity	We all do better when we ALL do better.
10/25/2017	Garfield	equity	Garfield: what are the real numbers of students "forced" out of neighborhood school & get parent feedback too.
10/25/2017	Garfield	equity	Garfield: prefer DLI only. English only creates space and equity challenges. Seems like a school within a school

10/25/2017	Garfield	equity	I appreciate that the needs of different populations of students are considered in the plan. As a dual language school and a high proportion of families in poverty, putting social services and other help in the school is a step toward equity and supporting all learners to reach their individual potential. It is great that we can use these public buildings for many great uses, both school, afterschool, and evening
10/25/2017	Garfield	equity	Thank you for investing your time and energy into bettering our Garfield facility. Equity in a learning environment is so vital for our kids and families. Garfield is a unique population of students and families.
10/25/2017	Garfield	immediate needs	Garfield: south side of building classrooms get really hot- no time to wait till bond. Please get overhead fans, or sunshades.
10/25/2017	Garfield	immediate needs	Garfield: rooms 1 and 3, consider new shades ASAP to help with heat- they are the warmest rooms.
10/25/2017	Garfield	inadequate plan	Garfield concept plan creates a cubby for hangout- no supervision, consider changing orientation of new wing, east to west
10/25/2017	Garfield	inadequate plan	Concept for new Garfield design unacceptable, make a u-shape and keep path
10/25/2017	Garfield	messaging	These building are older than I am (except LP &CHS!) I appreciate that the plan gets more years out of the structures, minimize disruptions to neighborhoods/families, at a reasonable price. The renovations are long overdue at all schools. Garfield in particular needs more space and the upgrades will be a great asset to the community and neighborhood. We moved to this neighborhood to send our child to Garfield's dual language program, its an asset to the community y and great for the neighborhood.
10/25/2017	Garfield	messaging	Thanks for the great work- Corvallis is better for our forward thinking school district.

10/25/2017	Garfield	plan: community space?	Garfield: school can be used more than just 8-4. celebrate and use the space
10/25/2017	Garfield	plan: community space?	Boys & Girls Club shouldn't be at Garfield
10/25/2017	Garfield	plan: community space?	Scouts are not allowed in public elementary schools?
10/25/2017	Garfield	plan: community space?	Garfield: like community space in plan
10/25/2017	Garfield	plan: community space?	Due to proximity, Boys & Girls Club activities at Garfield should be at B&G Club
10/25/2017	Garfield	plan: details/priorities	How do we prioritize basic resources when \$ is tight?
10/25/2017	Garfield	plan: details/priorities	What is sq. ft./student at each elementary. For classroom/library/cafeteria/gym/music/science/support service
10/25/2017	Garfield	plan: details/priorities	Make Garfield a neighborhood school- sent 20+ kids to Wilson & \$ to taxpayer for transport is not acceptable
10/25/2017	Garfield	plan: details/priorities	Curious about what current square footage is per student (classroom/common services/community services). What is best practice square footage?
10/25/2017	Garfield	plan: details/priorities	Garfield: need breakdown of sq. footage per student for each school. Why would you need to "bring money into the classrooms". Since when is breakfast and lunch required?
10/25/2017	Garfield	plan: growth?	Garfield: what if we move into this neighborhood and can't attend? Isn't this a neighborhood school?
10/25/2017	Garfield	plan: growth?	All of our three children attended Garfield (two were in modulars), if it was good enough for them, why should we pay more \$ for upgrades for a school that they couldn't attend now because they don't speak Spanish!
10/25/2017	Garfield	process	Make sure student voice is reflected in design phase
10/25/2017	Garfield	process	Make sure voice of under-represented/marginalized is reflected in design phase
10/25/2017	Garfield	process	Make sure voice of teachers and staff is reflected in design phase

10/25/2017	Garfield	process	Voices of the children? Voice of the underrepresented? Consider hiring an Environmental Psychologist for the design process
10/25/2017	Garfield	process	When construction occurs, where will equipment and materials be staged? They should not impact Garfield Park.
10/25/2017	Garfield	process	Garfield: what efforts for dust mitigation will be made during construction of Garfield and LP to minimize the impact on the neighborhood?
10/25/2017	Garfield	safety	Health impacts of turf at HS? Or any school?
10/25/2017	Garfield	safety	Garfield: consider safety of walkers, where population lives, sister school
10/25/2017	Garfield	safety	Garfield- ADA improvements, consideration for emergency shelter
10/25/2017	Garfield	safety	Garfield: consider flooding/drainage
10/25/2017	Garfield	safety	Garfield: consider mushy grass areas, high water table
10/25/2017	Garfield	safety	Garfield: vandalism- security lights, line of sight
10/25/2017	Garfield	safety	What seismic upgrades- do you know about new tech of facia with concrete
10/25/2017	Garfield	safety	All designs need to consider how they fit with community emergency response. Cheldelin was an evacuation site during floods of '96-97 and bathrooms did not accommodate adults or those with disabilities.
10/25/2017	Garfield	site detail: cafeteria	Garfield: cafeteria improvements- reduce noise, create space for more on-site prep of food
10/25/2017	Garfield	site detail: circulation	Garfield: Bus flow and neighborhoods- traffic issues must be considered
10/25/2017	Garfield	site detail: circulation	Garfield: circulation, prefer no additional parking on 11th Street, need more parking
10/25/2017	Garfield	site detail: circulation	Garfield: site circulation, congestion at Garfield, LPMS, pool, BGGC, consider bikes and pedestrians
10/25/2017	Garfield	site detail: circulation	Garfield: new school zone on 11th street and Dixon- entire block

10/25/2017	Garfield	site detail: circulation	Where do majority of students at Garfield come from? Seems that plays part in traffic flow and traffic on foot & bike
10/25/2017	Garfield	site detail: circulation	Promote less drive and drop schools, or change circulation. Particularly scary at Cleveland and 10th St.
10/25/2017	Garfield	site detail: circulation	Garfield: traffic and parking design needs to focus on keeping traffic on main streets, e.g. Garfield, NW Highland, Circle, and parking lots and away from interior neighborhood streets/non-arterial streets. This needs to be true for both Garfield and Linus Pauling, as well as they relate to Osborn Aquatic Center and BGC (current expansion)
10/25/2017	Garfield	site detail: circulation	Is there a demographic numeration of students arriving east of Highland and those west of Highland?
10/25/2017	Garfield	site detail: drinking water	Garfield: make sure water is easily accessible in lunch room and throughout school
10/25/2017	Garfield	site detail: laundry	Garfield: consider laundry
10/25/2017	Garfield	site detail: laundry	Have centralized laundry for custodial for all schools
10/25/2017	Garfield	site detail: laundry	No laundry for student clothes!
10/25/2017	Garfield	site detail: outdoor play	Garfield: dedication tree/bench behind playground
10/25/2017	Garfield	site detail: outdoor play	Garfield: how big will covered area be? The bigger the better
10/25/2017	Garfield	site detail: outdoor play	Garfield: preserve soccer field and garden
10/25/2017	Garfield	site detail: outdoor play	Garfield: keeping the soccer field is important to this community.
10/25/2017	Garfield	site detail: outdoor play	Garfield: leave the green space!
10/25/2017	Garfield	site detail: restrooms	Garfield: OSHA says 4 bathrooms for staff- currently have 2.
10/25/2017	Garfield	site detail: restrooms	Garfield: bathrooms are disgusting, need more staff restrooms
10/25/2017	Garfield	Site detail: staff break room	Garfield: provide staff break room that fits all
10/25/2017	Garfield	sustainability	Garfield: air conditioning?
10/25/2017	Garfield	sustainability	Need coordinator for garden, farm, etc., sustainability coordinator

10/25/2017	Garfield	sustainability	Eco-Charrette- more people interested in participating- can we advertise
10/25/2017	Garfield	sustainability	Power-grid concerns. Consider solar
10/25/2017	Garfield	sustainability	Garfield: Consider impact of hardscape
10/25/2017	Garfield	sustainability	I support the investment in sustainability in all forms, also to lower operating costs and provide environmental benefits.
11/6/2017	Spanish night/Garfield	plan: details/priorities	Garfield: once we build new classrooms, would there be funds to purchase new equipment?
11/6/2017	Spanish night/Garfield	site detail: restrooms	Garfield: are they going to be repaired? They are in very bad condition.
11/6/2017	Spanish night/Garfield	site detail:	Garfield: ADA restrooms
11/6/2017	Spanish night/Garfield	site detail: circulation	Garfield: more parking spaces
11/6/2017	Spanish night/Garfield	site detail: circulation	Garfield: redesign parking lot for students drop off, it is very congested
11/6/2017	Spanish night/Garfield	site detail: kitchen	Garfield: redesign kitchen, bigger and with better equipment installations
11/6/2017	Spanish night/Garfield	site detail:	Garfield: more restrooms in new construction in Garfield
